CPF-800

HYDRAULIC FOOT PUMP

The CPF-800 is a foot-operated pump providing hydraulic pressure up to 700 bar (70 MPa) for hands-free operation of crimping heads and cutters. A double-speed unit and built-in safety valve keep operation fast and controlled.

FEATURES

- Up to 700 bar (70 MPa) hydraulic pressure
- Hands-free foot-operated design
- Double-speed unit for faster operation
- Safety valve prevents overpressure
- Durable industrial construction

APPLICATIONS

HANDS-FREE CRIMPING

FIELD SERVICE

WORKSHOP USE

TECHNICAL DATA	
Rated pressure	700 bar (70 MPa)
Operation	Foot-operated, hands-free
Speed	Double-speed unit
Safety	Built-in safety valve
