FYQ-630

HYDRAULIC CRIMPING HEAD

The FYQ-630 delivers 35 tons of crimping force for precise hexagonal crimping of cable lugs and connectors from 15 mm² to 630 mm². Compatible with hexagonal crimping dies and operated with an external hydraulic pump.

FEATURES

- 35-ton crimping force
- Crimping range 15–630 mm²
- Compatible with hexagonal crimping dies
- For use with external hydraulic pumps
- Durable industrial construction

APPLICATIONS

INDUSTRIAL WIRING

CABLE LUGS

WORKSHOPS

TECHNICAL DATA

Crimping force	35 ton
Crimping range	15 – 630 mm ²
Crimp profile	Hexagonal dies
Operation	External hydraulic pump
