

PRODUCT CATALOG

YQK-70

HYDRAULIC TERMINAL CRIMPER

The YQK-70 is a compact crimper delivering 45 kN of force for wire cable lugs from 4 mm² to 70 mm². An 11 mm stroke gives precise, reliable crimps on battery, welding, power and electrical cables.

FEATURES

- 45 kN crimping force
- Crimping range 4–70 mm²
- 11 mm stroke length
- Ergonomic handle design
- Ideal for battery, welding, power and electrical cables

APPLICATIONS

BATTERY CABLES

POWER CABLES

WELDING CABLES

TECHNICAL DATA

Crimping force	45 kN
Crimping range	4 – 70 mm ²
Stroke length	11 mm
Application	Battery, welding, power and electrical cables
