

PRODUCT CATALOG

NUMBER & LETTER PUNCH

STEEL STAMPS · SATIN FINISH

Scarb Steel Stamps offer a comprehensive solution for precision marking and identification across industry and crafts. Induction hardened and manufactured from selected carbon steel, each set imprints numbers (0–9) and letters (A–Z with &) with clear, legible characters on every strike.

FEATURES

- Solid character faces for deep, sharp impressions — satin finish
- Numerical set: 9 sticks (0–8, 6 inverts for 9) · Letter set A–Z with &
- Induction hardened selected carbon steel, 58–62 HRC
- Striking end tempered to 35–42 HRC to prevent splintering
- For part numbering, serial marking and custom work
